

ACKNOWLEDGEMENT

A Ph.D. journey represents a cherished and lifelong aspiration, an enriching experience accompanied by numerous lessons and demanding responsibilities. This turning point in my life offers a joyous opportunity for me to express heartfelt gratitude to those individuals who supported me unwaveringly, providing care, love, and blessings along the way.

I am deeply thankful to the Natural Supreme personality of Godhead for bestowing upon me fortune and strength throughout this period, enabling me to complete this noble undertaking.

My sincere appreciation extends to esteemed **Prof. D.K. Kanchan**, my supervisor, whose encouragement led me to delve into the field of Solid State Ionics. His unwavering support and inspiration throughout my research project proved invaluable, equipping me with the skills to become a productive researcher. Working under his guidance has been a true privilege.

I am also grateful for the consistent encouragement and support from **Prof. Rolee Kanchan** of the Department of Geography, Faculty of Geography, The M.S. University of Baroda. I extend my heartfelt thanks to the entire Kanchan family for their assistance and consideration.

In addition, I express my gratitude to **Prof. H.R. Kataria**, Dean, Faculty of Science, The M. S. University of Baroda, Vadodara, for his collaboration and support, as well as to the Maharaja Sayajirao University of Baroda for providing the necessary infrastructure and research resources.

Special thanks go to Prof. (Dr.) S A Hashmi, Prof. (Dr.) Amita Chandra, and their research group from the Department of Astrophysics, University of Delhi-New Delhi, for their efforts in testing my research samples.

I am also thankful to Prof. (Dr.) Bhaskar Bhattacharya from the Department of Physics, Banaras Hindu University, and Prof. (Dr.) Anshuman Dalvi from the Department of Physics, BITS-Pilani, Rajasthan, India, for their encouragement during my conference presentation. My sincere thanks to Prof. R. S. Kundu and Prof. Neetu Ahlawat from Guru Jambheshwar University of Science & Technology, Hisar for their valuable inputs in my assignment.

I am grateful to **Prof. P. K. Jha**, Head of the Physics Department-MSU Baroda, and all the faculty members for their suggestions and moral support. Additionally, I want to express my thanks to Mr. and Mrs. Parikh, Mrs. Apexa Patel, and other non-teaching staff members for their swift assistance during various stages of this project. A special thank you goes to my well-wisher from DKK lab at Department of Physics of the M. S. University, Dr. Gargi Dave, Dr. Khushbu Gohel, and Dr. Prajkta Joge whose invaluable help greatly contributed to this journey. I owe immense gratitude to my senior lab mates Dr. Dharmesh Kothari, Dr. Manish Jayswal, and C. Maheshwaran, as their presence made my working in research laboratory productive and enjoyable. I also appreciate the friendship and support from my departmental friends, including Dr. Ketan Chaudhary, Dr. Ashwini Mahadik, Dr. Shilpa Bhavsar, Dr. Ratan, Dr. Poonam Sharma, Dr. Padmashree, Dr. Meenakshi Pant and Dr. Sejal Shah. I would express my sincere thanks to Prof. Nirali Gondaliya, SVMIT-Bharuch, for guiding me towards the journey of my research work. Acknowledgment also goes to Dr. Deepak

Kumar from EME school, Vadodara.

I am deeply grateful to Dr. Nirav Jamanapara and Dr. Purvi Kikani from IPR-Gandhinagar and Dr. Uday Puntambekar from ERDA-Vadodara for their prompt assistance in conducting various characterizations of the samples. Without their support, my study would not have progressed as far. I am also thankful to Dr. Mehul Patel of GIRDA-Baroda for providing the thermal characterization facility.

Furthermore, I owe a debt of gratitude to my forever family- friends and colleagues at L.D. College of Engineering- Ahmedabad, **Prof. H. P. Raval and Prof. P. S. Raval** for their immense and unconditional care and noble guiding support during my research tenure, **Dr. J. G. Hirpara** for his expertized guidance, Prof. Poonam Modi and Prof. Selin Joseph for their motivating presence throughout this endeavor.

I owe a huge debt of gratitude to Prof. L. K. Maniyar, Prof. H. H. Joshi, Prof. M. J. Joshi, Prof. H. P. Joshi, Prof. K. B. Modi, Prof. C. K. Chauhan, Prof. R. K. Trivedi, Prof. Yogesh N Jani, Shri Bharat Paneliya, and Respected Chandan Danani from IPR, and all my physics teachers, for exposing me to the field of physics when I was very young. They inculcated in me a scientific mindset that propelled me to choose and pursue a fulfilling career in the field of fundamental sciences. I am grateful to all the physics professors at M & N Virani Science College, Kotak Science College in Rajkot, the esteemed professors of the Department of Physics at Saurashtra University in Rajkot, and all of my respected teachers of Kadavibai Virani Kanya Vidhyalaya- Rajkot, for encouraging us to chase our dreams. They are someone I will always be grateful to.

Finally, this research journey has undoubtedly brought challenges to my family members. I am deeply grateful for their unwavering support. I want to express my heartfelt acknowledgements to my respected in-laws, **Shri Umeshbhai Devendrabhai Adhwaryu and Smt. Gaurangiben Umeshbhai Adhwaryu**, for their patience, precious support, and understanding over the years. I am extremely grateful to my first teachers and the source of inspiration, my dear parents, **(Late) Shri Pankajkumar Nandlal Joshi and Smt. Ushaben Pankajkumar Joshi**, for always inspiring and enabling me to pursue my aspirations. I consider myself incredibly fortunate to have the unwavering support of my siblings and their better half, **Jaydeep-Pooja, Purvee-Nisargkumar, Niketa-Gautamkumar, all my adorable little niblings**, and all other beloved family members. I would like to extend my gratitude to our family friends Shri Miteshbhai and Smt. Alpaben Pandya.

Lastly, and most importantly, I want to express my deepest gratitude to my beloved husband, **Apurva**, for his ceaseless inspiration and support, and adorable bundle of joy- my daughter **"Deshana"**, for being such a kind and considerate child. She has been a source of immense kindness and patience, motivating me to persevere in pursuit of my goals. It was her constant insistence that helped to stay glued on to my path traversed to realize the goal.

Vaishali Adhwaryu
