

ACKNOWLEDGEMENT

A journey is easier when you travel together. Interdependence is certainly more valuable than independence. This thesis is the result of three and half years of work whereby I have been accompanied and supported by many people. It is a pleasant aspect that I have now the opportunity to express my gratitude for all of them. Here in this small section I will attempt to thank you all. (My sincere apologies to anyone inadvertently omitted).

The first person I would like to thank is my direct supervisor Dr. K. Baba Pai. I owe him lots of gratitude for having me shown this way of research. He could not even realize how much I have learned from him. I would like to thank Dr. M. K Totlani, Executive director, ASME India Chapter, who kept an eye on the progress of my work and always was available when I needed his advises.

I am specially thankful to Mr. Ashok Jani (M.D) Multi Arc(I) Ltd. Umargoan for giving me permission to carryout Thin Film deposition at their works, Mr. Nitin Jalgaonkar and Dr. C. Mahtre for their Cooperation during the deposition of Thin Films at Multi Arc(I) Ltd.Umargoan.

This research has been supported by AICTE Research promotion Scheme(RPS) entitled "Nano Composite Zirconium Based Thin Films for Functional application", worth Rs. 8 Lacs (F.No.:8023/RID/BOR/RPS-134/2005-2006). I thank them all for their confidence in me.

I am especially thankful to Prof. S.N Pathak, Head, Materials Engg. Dept. VNIT Nagpur and Dr.D.R Peshwe ,Ms Gauri for their valuable guidance and effective navigation to carry out Pin on Disc wear testing and XRD. I remain indebted to them for all the knowledge I have gained.

I am thankful to Mr. M.N Patel and Dr. Vandana Rao, Metallurgical and Materials Engineering Dept., M.S. University of Baroda for their fruitful interactions during Scanning Electron microscopy studies. I am thankful to Dr. S.N Soman for timely guidance especially during Thesis Writing. I am thankful to Dr. N.S.S Murty to help me by using technical discussions. I am thankful to all Non teaching staff especially to Mr. Manubhai Salat , Mrs. Kinnari Parmar and Mr. Rajesh Pipavanshi as were always ready to help. I am thankful to Mr. Bharat Joshi for providing me with relevant technical papers.

My sincere thanks to SVNIT Surat for permitting me to do my PhD. work and allow to carry out experiment at M.S University Baroda. The staff at SVNIT Surat provided me with much assistance and Guidance, Dr. P.D Porey (Director) in particular. I am thankful to Dr. R.V Rao (Head, Mechanical Engg. Dept.) and Dr. P.D Porey to give me permission to carry out test at VNIT Nagpur. I am thankful to Dr. S.C Channiwala, Dr. D.V Bhatt, Dr. H.B Naik, Dr. B.S Murli and Mr. B.M Sutaria for providing me with relevant literature and valuable advice. I would also like to thank Mr. Manish Rathod for timely help during my thesis writing. I am thankful to Dr. Achehhe Lal for his valuable guidance and to Mr. D.B Gohil for his cooperation during thesis writing. I am grateful to Mr. V.B Prasad, Manager Hitachi Bangalore, who helped me to learn various SEM operations and analysis.

I feel a deep sense of gratitude for my Father and Mother who formed part of my vision and taught me the good things that really matter in life. I am very grateful for my Husband Vinay Menghani, for his love and patience during the PhD period. I am thankful to my dear children, priyanka and Sneh for their support, concern and patience.

Jyoti V. Menghani

SPECIAL ACKNOWLEDGEMENT

I take this opportunity to express my deep gratitude and sincere thanks for the invaluable help, encouragement and guidance through email.

(1) Dr. Satish Dixit, Ph.D.
