

Presentations and Publications

Presentation

- **Mukesh Ukawala**, Tushar Rajyaguru, Rajiv Gude, Murthy RSR. Peptide conjugated block copolymeric micelles for effective treatment of metastasis: In vitro and In vivo study. At 8th Nanomedicine and Drug Delivery Symposium Omaha, NE, USA October 3-5, 2010

Publications

- **Mukesh Ukawala**, Kiran Chaudhari, Tushar Rajyaguru, Murthy R. S. R. Investigations on formation of etoposide loaded MPEG-PCL micelles of different molecular weight and evaluation of their predictable *in vivo* behavior (Communicated to Colloids and Surfaces B: Biointerfaces).
- EILDV conjugated biodegradable polymeric micelles for targeted delivery of etoposide in treatment of tumor metastasis to cells possessing $\alpha 4\beta 1$ integrin (Communicated to Molecular Pharmaceutics).
- **Mukesh Ukawala**, Kiran Chaudhari, Tushar Rajyaguru, R.S.R. Murthy, Rajiv Gude. Laminin receptor targeted polymeric micelles loaded with etoposide in treatment of tumor metastasis (Communicated to Biomaterials).
