

ANNEXURE IX
Letter of Request to the Gynecologists for Extending Support in Identifying
Participants for the Research

Sub. Seek support for a research study on 'Psychosocial implications of involuntary childlessness in the Indian cultural context.'

Respected madam/sir

I am a Ph.D. student in the Department of Human Development and Family Studies, Faculty of Home Science, M. S. University of Baroda. As part of my doctoral degree programmed, I am carrying out a research study focused at understanding the perceptions of childless couples regarding childlessness titled 'Psychosocial implications of involuntary childlessness in the Indian cultural context.'

I would appreciate very much if you could extend your support in identifying the participants for the same.

Thank you

Sincerely

Bhamini Mehta
