

ACKNOWLEDGEMENTS

I am thankful to the Ministry of Environment and Forests (GOI) for giving the fellowship during the research period. I am grateful to Prof. S. J. Bedi for his initiative in this study. His field approach kindled the passion of outdoor observations in me. I would like to thank Profs. Sabnis, Oza, Bhatt, Senan and Daniel for their good wishes. I am thankful to the departmental staff for the co-operation given. I am indebted to all my teachers right from my schooling onwards who have broadened my vision. My gratitude to Drs. Mrs. Pandya and Garge for their support.

I am indebted to my lab-mates Dr. Sheo Kumar, Ms. Alka, Ms. Deepa and Mr. Balbhadra for sharing the moments of ups and downs during the work. My appreciation to my friends Kishore, Babu, Ramakanthan, Sanjeev and Unmesh for their love and affection. I am thankful to Drs. Erisman, Cornelissen, Draaijers, Bussotti and Remphrey for sending the literature and the theses.

I am thankful to GSFC for analysing soil samples and also for providing ambient air quality data. I thank all those farmers around industries for their kind co-operation during sample collection and other field exercises. I am grateful to the Head, Department of Botany for providing the facilities.

I acknowledge the sincere efforts and assistance of Mr. Narendra and Mr. Rajendra in sampling.

Finally, I express my reverence and love towards my guide Dr. Krishnayya for his guidance, sustenance and support.
