

LIST OF TABLES

	After Page No
Table 2.1 Synoptic view of the geological history of the alluvial plains (After Merh and Chamyal, 1997)	10
Table 2.2 Stratigraphy, palaeoenvironmental and palaeoclimatic inferences with TL dates from Sabarmati succession (after Tandon et al., 1997)	11
Table 4.1 Stratigraphy of Cambay basin (after Sastry et al., 1984).	30
Table 5.1 Major lineaments of Gujarat alluvial plains and their morphotectonic features.	37
Table 7.1 Sedimentary facies exposed in the major rivers (after Merh and Chamyal, 1997).	60
Table 7.2 Soft sediment deformation structures documented from the exposed Quaternary sediments in Gujarat alluvial plains.	70
Table 7.3 List of earthquakes in and around Gujarat alluvial plains	78
Table 9.1 Morphostratigraphy of Gujarat alluvial plains.	96
Table 9.2 Quaternary tectonic events and resulting geological changes in the evolution of Gujarat alluvial plains.	97
