DEDICATED TO
My
Beloved Late Parents
AND
Sisters

I express my deep sense of gratitude to my research guide, Dr. N. D. Kulkarni, Sr. Reader, Department of Chemistry, The Maharaja Sayajirao University of Baroda, for her excellent guidance throughout the progress of this work. Her ingenuity, keen knowledge and interest in the subject proved to be a constant source of inspiration for me. I thank her for this contribution towards my academic career.
