

List of Tables

Table No.	Contents	Page No.
2.01	Principles of Good Governance	135
3.01	Percentage wise Sectoral Sample Distribution	154
3.02	Percentage wise Sample Distribution of different categories	156
3.03	Distribution of Samples from Government and Public Sector Undertaking according to recruitment process	158
3.04	Research Design	173
4.01	Overall mean and SD on Behavioral Dimensions	186
4.02	Inter-Correlation matrix between different Behavioral Factors	188
4.03	Inter-Correlation Matrix of urban respondents	192
4.04	Inter-Correlation Matrix of rural respondents	195
4.05	Inter-Correlation Matrix of Male Respondents	199
4.06	Inter-Correlation Matrix of Female Respondents	201
4.07	Means and Standard Deviations of Executive / Non Executives on behavioral dimension	204
4.08	Behavioral Complexity Scores Officials of Government Departments (Direct Recruits)	210
4.09	Behavioral Complexity Scores of Officials of Government Departments (Promotees)	212
4.10	Behavioral Complexity Scores Officials of Public Sector Undertakings (Direct Recruits)	214
4.11	Behavioral Complexity Scores Officials of Public Sector Undertakings (Promotees)	215
4.12	Differences in Behavioral Constructs between the Officials of Government Department and Public Sector Undertakings	219
4.13	Attitudinal Differences in Behavioral Constructs between the officials hailing from Urban and Rural areas	221
4.14	Attitudinal Differences in Behavioral Constructs between Male and Female officials	223
4.15	Attitudinal Differences in Behavioral Constructs between Direct Recruits and Promotee officials of Bureaucratic Organization	225
4.16	Statistical analysis of Hy.1	229
4.17	Statistical analysis of Hy.2	232
4.18	Statistical analysis of Hy.3	236
4.19	Statistical analysis of Hy.4	239
4.20	Statistical analysis of Hy.5	242
4.21	Statistical analysis of Hy.6	245
4.22	Statistical analysis of Hy.7	249
