

Acknowledgements

I am thankful to my Guiding Teacher Dr. Dolly Kumar for confiding in me to take up this PhD Topic Invoking interest in the subject and giving constant encouragement throughout out my research tenure.

I express my sincere thanks to Prof. A.V.Ramachandran, Head and Dean Department of Zoology, Faculty of Science for his valuable advice, support and also providing departmental facilities from time to time.

I would also like to thank Prof .Bonny Pilo, Ex dean and Ex Head Department of Zoology for showing keen interest in my work, motivating me to improve in research and making me understand the importance of knowledge.

I also thank Prof. M.V. Asnani ex Head Department of zoology for providing Departmental facilities in her tenure as Head of the Department.

I would like to thank my teachers Prof. P.V.Patel, who taught me entomology and Prof. R. G. Panicker and Dr. Pragnya Parikh for their moral support.

I would also like to thank Dr. B. Suresh whose constant discussion in the subject matter allowed me to understand the finer details of the research work.

During my initial days of the work I got ample amount of help in preparation and the guidelines of field study by Dharmendra Shah who is a good friend and was an able project fellow having immense expertise in field work.

I thank Dr Mona Dave from Department of Botany, for the selection of field, accompanying me to the field and even helping in photography of the spiders and the insect prey in their natural habitat during my initial tenure of research.

My heart felt thanks to my friend and colleague Miss Yashikamal for her support and help she gave in the culturing of the insect pests in the laboratory and also being with me during field studies. I also thank her for helping me with photography and going through the write ups meticulously.

My special thanks to my Senior Dr. Manju Siliwal who helped me with the intricacies of spider identification and literature.

I would also like to acknowledge the help of my research colleagues Miss Archana Mishra and Manoj Pardesi who by accompanying me in the agricultural fields made the fields trips enjoyable and memorable

I sincerely thank Dr. Shilpa , Dr. Bhavana , Archana gajjar ,Dr. Biren, Dr. Kiran ahir , Dr Virendra zala ,Dr. Nikhil adi , Prakash and Dr. Sheetal who helped me in various stages of my research work.

A special note of thanks to my friends Sudip , ,Rakthim , Bhumika , Niraj , Prem , Nipul , Sonal , Jagruti , Ansarullah , Meena yadav , Reena and Priyanka for providing the right lab environment. Sangeeta Ujjain, my friend who constantly boosted my morale and was always there when I needed her.

And last but not the least the non teaching staff for their help and cooperation.

I acknowledge the financial assistance given to me by Council of Scientific and Industrial Research (CSIR) in the form of Junior Research Fellow and later as Senior Research Fellow for carrying out this piece of work from September 2002 to June 2005
