

"QUESTIONNAIRE FOR INTERVIEW DATA" (Respondents) 'APPENDIX - E'

The following questions be put to all respondents from whom P&E and Phonetic data are to be collected.

1. Do the respondents agree that their L1 or OTs influence in the process of learning the Russian language ? How ?
2. Could the respondents identify some specific difficulties and or problems faced by them while learning the Russian language ?
3. Have the teachers of these respondents ever pointed out any particular error of the learners to be affected by the L1 ?
4. Have the teachers of these respondents suggested any particular solution to overcome these errors/difficulties ? If yes, what are they ?
5. Do the respondents think that their age, sex, educational qualification, medium of instruction, motivation etc. influence in any way in the process of their learning the TL ? If yes, then which of these and how ?
6. To what extent, do they think that, the wrong articulations of the segments could be attributed to those of the teachers themselves ?
7. What do they think of the Text Book(s) that they follow to learn the Russian language ?
8. Would the respondents like to suggest any ways and means to overcome the problems of learning the Russian Segmental Features ?
