

LIST OF TABLES.

-----

Table No.	Page.
1. Group scores, variability and difference on ITSC for boys and girls.	124
2. Correlations between the sex of the child and the total subpart scores of the ITSC pooled within three socio-economic levels.	126
3. Correlations between subparts of ITSC for boys & girls.	127
4. Means and variances for the three subparts of the ITSC by sex.	129
5. Rank orders, percentages and differences of choices of boys and girls on the toy pictures section of the ITSC for children - subpart I.	135
6. Percentages and differences of choices of boys and girls on eight paired picture section of the ITSC for children on subpart II.	138
7. Percentages and differences in choices of boys and girls on the four child figure section of the ITSC for children.	140
8. Analysis of variance, showing the difference between boys and girls from three different socio-economic status and their performance on ITSC.	143
9. Correlations between - ITSC & vocabulary test ITSC & age, ITSC & 'Draw-a-man' test. and ITSC & socio-economic status.	144
10. The group scores, variability and differences on vocabulary test for children.	146
11. Analysis of variance showing the difference between boys and girls on the vocabulary test from the three socio-economic levels.	147
12. Correlations between vocabulary test and 'Draw-a-man' test, vocabulary test and age, vocabulary test and ITSC, vocabulary test & S.E. Status.	150

**Table No.****Page.**

- |   |     |
|---|-----|
| 13. $X^2$ analysis showing children from three different socio-economic levels labelling man figure of drawing as masculine or femine figure.                   | 153 |
| 14. $X^2$ analysis showing the sex of children labelling man figure of Draw-a-man test as masculine or feminine figure.   | 153 |
| 15. Analysis of variance table showing the influence of sex and socio-economic status and interaction between sex and socio-economic status on draw-a-man test. | 155 |
| 16. Correlations between Draw-a-man test and ITSC, Draw-a-man test and age, Draw-a-man test and vocabulary test, Draw-a-man test and socio-economic status.     | 157 |
