"I soon can learn to do it,  
If you'll let me see it done;  
I can see your hands in action,  
But your tongue too fast may run;  
And the lectures you deliver  
May be very fine and true,

But I'd rather get my lesson  
By observing what you do,  
For I may misunderstand you  
And the high advice you give,  
But there is no misunderstanding  
How you act and how you live!"
