

COLUMN	INFORMATION : VARIABLE	CODES
1	Group : V <sub>1</sub>	Treatment -1 Control -2
2-3	Serial Number : V <sub>2</sub>	Actual
4	Card Number : V <sub>3</sub>	3
5	Age Group as in Dec. 86 : V <sub>4</sub>	19 - 24 -1 25 - 30 -2 31 - 35 -3 Above 36 -4
6	Educational Status : V <sub>5</sub>	Illiterate -1 1 to 5 years -2 6 to 9 years -3 10 to 12years-4
7	Occupational Status : V <sub>6</sub>	Housewife -1 Employed -2 earning Self-employed-3 earning
8	Family Type : V <sub>7</sub>	Nuclear -1 Joint -2
9-10	Household Size : V <sub>8</sub>	Actual
11-13	Per-Capita Monthly Household Income:V <sub>9</sub>	Actual
14	Total Score on Knowledge of Symptoms, care and management of sick child and prevention of Diarroeha Before H.E.P. : V <sub>10</sub>	Actual
15	Total Score on Knowledge of Symptoms, care and management of sick child and prevention of Diarrhoea After H.E.P. : V <sub>11</sub>	Actual

16	Total score on Knowledge of symptoms, care and management of sick child; prevention of Mesles Before H.E.P.	Actual :V <sub>12</sub>
17	Total score on Knowledge of symptoms, care and management of sick child; prevention of Measles After H.E.P.	Actual :V <sub>13</sub>
18	Total score of Knowledge of symptoms, care and management of sick child; pre- vention of Chicken Pox Before H.E.P.	Actual :V <sub>14</sub>
19	Total score on Knowledge of symptoms, care and management of sick child; pre- vention of Chicken Pox After H.E.P.	Actual :V <sub>15</sub>
20	Total score on Knowledge of symptoms, care and management of sick child; prevention of Anaemia Before H.E.P.	Actual :V <sub>16</sub>
21	Total score on Knowledge of symptoms, care and management of sick child; prevention of Anaemia After H.E.P.	Actual :V <sub>17</sub>
22	Total score on Knowledge of symptoms, care and management of sick child; prevention of Tetanus Before H.E.P.	Actual :V <sub>18</sub>
23	Total score on Knowledge of symptoms, care and management of sick child; prevention of Tetanus After H.E.P.	Actual :V <sub>19</sub>
24	Total score on Knowledge of symptoms, care and management of sick child; prevention of Scabies Before H.E.P.	Actual :V <sub>20</sub>
25	Total score on Knowledge of symptoms, care and management of sick child; prevention of Scabies After H.E.P.	Actual :V <sub>21</sub>

26-27	Total score on Practice of Care and management of sick child during childhood diseases Before H.E.P.	Actual :V <sub>22</sub>
28-29	Total score on Practice of care and management of sick child during childhood diseases After H.E.P.	Actual :V <sub>23</sub>
30-31	Total score on Knowledge of Advantages of Breast-feeding, weaning foods and weaning age Before H.E.P.	Actual :V <sub>24</sub>
32-33	Total score on Knowledge of Advantages of Breast-feeding, weaning foods and weaning age After H.E.P.	Actual :V <sub>25</sub>
33-35	Total score on Attitude to breast-feeding, weaning age and weaning food Before H.E.P.	Actual :V <sub>26</sub>
36-37	Total score on Attitude to breast-feeding, weaning foods and weaning age After H.E.P.	Actual :V <sub>27</sub>
38-39	Total score on Practice of breast-feeding, weaning foods and weaning age Before H.E.P.	Actual :V <sub>28</sub>
40-41	Total score on Practice of breast-feeding, weaning foods and weaning age After H.E.P.	Actual :V <sub>29</sub>
42-43	Total score on Knowledge of Pre-Natal care Before H.E.P.	Actual :V <sub>30</sub>
44-45	Total score on Knowledge of Pre-Natal care After H.E.P.	Actual :V <sub>31</sub>
46	Total score on Knowledge of Post-Natal care Before H.E.P.	Actual :V <sub>32</sub>

47	Total score on Knowledge of Post-Natal care After H.E.P.	Actual :V <sub>33</sub>
48-49	Total score on Knowledge of advantages, methods and side-effects of Family planning practices Before H.E.P.	Actual :V <sub>34</sub>
50-51	Total score on Knowledge of advantages, methods and side-effects of Family planning practices After H.E.P.	Actual :V <sub>35</sub>
52-53	Total score on Attitudes towards Family planning and contraception Before H.E.P.	Actual :V <sub>36</sub>
54-55	Total score on Attitudes towards Family planning and contraception After H.E.P.	Actual :V <sub>37</sub>
56	BLANK	
57	BLANK	
58-59	Total score on Practice of personal hygiene (dental care, cleanliness of nails, hair, clothing) by Mother Before H.E.P.	Actual :V <sub>40</sub>
60-61	Total score on Practice of personal hygiene (dental care, cleanliness of nails, hair, clothing) by Mother After H.E.P.	Actual :V <sub>41</sub>
62	Total score on Knowledge of balanced diet and nutrition for underfives Before H.E.P.	Actual :V <sub>42</sub>
63	Total Score on Knowledge of balanced diet and nutrition for underfives After H.E.P.	Actual :V <sub>43</sub>

64	Total score on Attitudes towards women and female child Before H.E.P.	:V <sub>44</sub>	Actual
65	Total score on Attitudes towards women and female child After H.E.P.	:V <sub>45</sub>	Actual
66	Total score on Attitudes to Health professionals and services Before H.E.P.	:V <sub>46</sub>	Actual
67	Total score on Attitudes to Health professionals and services After H.E.P.	:V <sub>47</sub>	Actual
