

ACKNOWLEDGEMENT

“Sa vidya ya vimuktaye”

Ideas basically rule the world and also the minds of the man. They contribute to continuing changes, shape as well as determine the destiny of human beings. And contribute to the growth of the whole society. Very grant and great accomplishment whether relating to religion, science, Law or any other field is in the first instance a mere idea in the mind of the human begin. These ideas can only be converted in to action only by the grace of God. Thus, I express my pious gratitude to almighty.

I would like to express my gratitude to my guide Dr. Syed Maswood, who has, since the beginning of the thesis, been guiding me as a polar star. I must thank Dr. Syed Maswood for the help which he extended to me by sharing his vast experience in the field of legal research and his greatest legal acumen.

I must also thank to teachers, administrative staff and my friends for always being with me and providing moral support and kind co-operation in accomplishment of my Thesis.

I find no word to express my deep gratitude to my family members, my husband Prof. Swapnil Bangali and especially my mother Mrs. Usha Krishnarao Shinde for providing me the moral boost during all ups and downs of my Ph.D. work.

This whole experience has been an overwhelming, inspiring and elevating one for me.
