

I N D E X

S.No	Contents	Page No
I	INTRODUCTION	1 - 50
1.1	Anti-Inflammatory Activity	4
1.2	Anti-Hepatotoxic Activity	8
1.3	Literature Survey of Selected Plant Drugs	31
1.4	Research Envisaged	49
II	EXPERIMENTAL	51 - 86
2.1	Pharmacognostic Studies	51
2.2	Phytochemical Studies	55
2.3	Biological Studies	56
2.4	Isolation of Compounds from Bioactive Extracts	73
2.5	Identification, Characterisation and Biological Screening of the Isolated Compounds	77
2.6	Assessment of Activity of Some Marketed Polyherbal Formulations	85
III	RESULTS AND DISCUSSION	87 - 198
3.1	Pharmacognostic studies	87
3.2	Preliminary Phytoprofiles	98
3.3	Biological Studies	104
3.3.1	Acute Toxicity Studies	105
3.3.2	Assessment of Anti-Inflammatory Activity	107

3.3.3	Effect of selected plant drugs on Normal Hepatic Functions	118
3.3.4	Assessment of Hepatoprotective Activity	124
3.4	Isolation, Characterisation and Biological Screening of the Compounds from Bioactive Extracts	165
3.5	Studies on Marketed Preparations of the Selected Plant Drugs	189
IV	SUMMARY AND CONCLUSIONS	199 - 209
	BIBLIOGRAPHY	210 - 225
