

LIST OF FIGURES

S.No.	Contents	Page No.
1.	"Conveyer-Belt" Procedure for Development of Crude Drug Research.	2
2.	Calibration Curve for SGPT and SGOT	62
3.	Calibration Curve for Ascorbic Acid	66
4.	Calibration Curve for Cholesterol	67
5.	Calibration Curve for Total Proteins	84
6.	Rhizomes of <u>C. orchioides</u>	88
7.	Whole Plant of <u>F. indica</u>	88
8.	Roots of <u>I. racemosa</u>	89
9.	Fruits of <u>M. pterygosperma</u>	89
10.	Leaves and Roots of <u>M. pterygosperma</u>	90
11.	Stem Bark of <u>M. pterygosperma</u>	90
12.	Whole Plant of <u>S. acuta</u>	91
13.	Whole Plant of <u>S. cordifolia</u>	91
14.	Whole Plant of <u>S. rhombifolia</u>	91
15.	Powder Characteristics of the Rhizomes of <u>C. orchioides</u>	92
16.	Powder characteristics of the Whole Plant of <u>F. indica</u>	92
17.	Powder Characteristics of the Roots of <u>I. racemosa</u>	93
18.	Powder Characteristics of Different Organs of <u>M. pterygosperma</u>	93
19.	Powder Characteristics of Whole Plants of <u>Sida</u>	94

species

20.	Effect of Rhizomes of <u>C. orchiodes</u> on Carrageenan Induced Paw Oedema.	109
21.	Effect of Whole Plant of <u>F. indica</u> on Carrageenan Induced Paw Oedema.	111
22.	Effect of Roots of <u>I. racemosa</u> on Carrageenan Induced Paw Oedema.	113
23.	Effect of Different Organs of <u>M. pterygosperma</u> on Carrageenan Induced Paw Oedema.	115
24.	Effect of Different Organs of various Species of <u>Sida</u> on Carrageenan Induced Paw Oedema	117
25.	Photomicrograph of Normal Rat Liver Section	126
26.	Photomicrograph of CCl ₄ Intoxicated Rat Liver Section.	126
27.	Effect of <u>C. orchiodes</u> Rhizomes on CCl ₄ Induced Hepatotoxicity	127
28.	Photomicrograph of Liver Section of Rat Treated with Powdered Rhizomes of <u>C. orchiodes</u> and Intoxicated with CCl ₄ .	126
29.	Effect of <u>F. indica</u> Whole Plant on CCl ₄ Induced Hepatotoxicity	129
30.	Photomicrograph of Liver Section of Rat Treated with Petroleum Ether Extract of <u>F. indica</u> Whole Plant and Intoxicated with CCl ₄ .	130
31.	Effect of <u>I. racemosa</u> Roots on CCl ₄ Induced Hepatotoxicity	131
32.	Photomicrograph of Liver Section of Rat Treated	130

	with Powdered Roots of <u>I. racemosa</u> and Intoxicated with CCl ₄ .	
33.	Effect of Different Organs of <u>M. pterygosperma</u> on CCl ₄ Induced Hepatotoxicity	133
34.	Photomicrograph of Liver Section of Rat Treated with Aqueous Extract of Roots of <u>M. pterygosperma</u> and Intoxicated with CCl ₄ .	135
35.	Effect of Different Organs of various Species of <u>Sida</u> on CCl ₄ Induced Hepatotoxicity	136
36.	Photomicrograph of Liver Section of Rat Treated with Powdered Roots of <u>S. rhombifolia</u> and Intoxicated with CCl ₄ .	135
37.	Photomicrograph of Paracetamol Intoxicated Liver Section.	140
38.	Effect of <u>C. orchioides</u> Rhizomes on Paracetamol Induced Hepatotoxicity	141
39.	Photomicrograph of Liver Section of Rat Treated with Methanolic Extract of Rhizomes of <u>C. orchioides</u> and Intoxicated with Paracetamol.	140
40.	Effect of <u>F. indica</u> Whole Plant on Paracetamol Induced Hepatotoxicity	143
41.	Photomicrograph of Liver Section of Rat Treated with Total Aqueous Extract of <u>F. indica</u> Whole Plant and Intoxicated with Paracetamol	144
42.	Effect of <u>I. racemosa</u> Roots on Paracetamol Induced Hepatotoxicity	145
43.	Photomicrograph of Liver Section of Rat Treated	144

	with Total Aqueous Extract of <u>I. racemosa</u> Roots and Intoxicated with Paracetamol	
44.	Effect of Different Organs of <u>M. pterygosperma</u> on Paracetamol Induced Hepatotoxicity	147
45.	Photomicrograph of Liver Section of Rat Treated with Aqueous Extract of <u>M. pterygosperma</u> Fruits and Intoxicated with Paracetamol	149
46.	Effect of Different Organs of Various Species of <u>Sida</u> on Paracetamol Induced Hepatotoxicity	150
47.	Photomicrograph of Liver Section of Rat Treated with Powdered Aerial Parts of <u>S. acuta</u> and Intoxicated with Paracetamol	149
48.	Photomicrograph of Rifampicin Intoxicated Rat Liver Section	153
49.	Effect of <u>C. orchoides</u> Rhizomes on Rifampicin Induced Hepatotoxicity	154
50.	Effect of <u>F. indica</u> Whole Plant on Rifampicin Induced Hepatotoxicity	156
51.	Photomicrograph of Liver Section of Rat Treated with Methanolic Extract of <u>F. indica</u> Whole Plant and Intoxicated with Rifampicin.	157
52.	Effect of <u>I. racemosa</u> Roots on Rifampicin Induced Hepatotoxicity	158
53.	Photomicrograph of Liver Section of Rat Treated with Methanolic Extract of Roots of <u>I. racemosa</u> and Intoxicated with Rifampicin	157
54.	Effect of Different Organs of <u>M. pterygosperma</u>	160

	on Rifampicin Induced Hepatotoxicity	
55.	Photomicrograph of Liver Section of Rat Treated with Powdered Roots of <u>M. pterygosperma</u> and Intoxicated with Rifampicin	161
56.	Effect of Different Organs of Various Species <u>Sida</u> on Rifampicin Induced Hepatotoxicity	162
57.	Photomicrograph of Liver Section of Rat Treated With Aqueous Extract of Aerial Parts of <u>S. rhombifolia</u> and Intoxicated with Rifampicin	161
58.	Effect of Different Isolated Compounds on Viability of Galactosamine Induced Hepatic cytotoxicity	180
59.	Effect of Different Isolated Compounds on Viability of Thioacetamide Induced Hepatic Cytotoxicity	182
60.	Effect of Different Isolated Compounds on Intoxicated Hepatic Functions	185
61.	Photomicrograph of Liver Section of Rat Treated with the Compound S-1 From <u>S. cordifolia</u> and Intoxicated with CCl ₄ .	184
62.	Photomicrograph of Liver Section of Rat Treated with the Compound S.-1 from <u>S. cordifolia</u> and Intoxicated with Paracetamol.	184
63.	Photomicrograph of Liver Section of Rat Treated with the Compound F-1 From <u>F. indica</u> and Intoxicated with Rifampicin	184
64.	Effect of Different Isolated Compounds on	187

Carrageenan Induced Paw Oedema.

65. Effect of Different Marketed Preparations of the Selected Plant Drugs on CCl_4 Induced Hepatotoxicity 191
66. Photomicrograph of Liver Section of Rat Treated with "Safi" and Intoxicated with CCl_4 . 195
67. Effect of Different Marketed Preparations of the Selected Plant Drugs on Paracetamol Induced Hepatotoxicity. 193
68. Photomicrograph of Liver Section of Rat Treated with "Liv 52" and Intoxicated with Paracetamol. 195
69. Effect of Different Marketed Preparations of the Selected Plant Drugs on Rifampicin Induced Hepatotoxicity 195
70. Photomicrograph of Liver Section of Rat Treated with "Kumari Asav" and Intoxicated with Rifampicin 195
71. Effect of Different Marketed Preparations of the Selected Plant Drugs on Carrageenan Induced Paw Oedema. 197
