

# LIST OF TABLES

TABLE NO.	TABLE	PAGE NO.
VI - 1	Distribution of the Sample in Pilot Study	178
VI - 2	Table of Preference Values	179
VI - 3	Distribution of the Sample on the Introversion-Extraversion Scale	185
VI - 4	Distribution of the Sample on the Normal-Neuroticism Scale	186
VI - 5	Distribution of the Sample on the Normal-Psychoticism Scale	187
VI - 6	Internal Consistency Values for the Items in the Introversion-Extraversion Scale	188
VI - 7	Internal Consistency Values for the Items in the Normal-Neuroticism Scale	190
VI - 8	Internal Consistency Values for the Items in the Normal-Psychoticism Scale	192
VI - 9	Frequency Distribution of the Items on the Basis of Their Preference Values	193

(xi)

TABLE NO.	TABLE	PAGE NO.
VIII - 1	Differential Responses of the Criterion Groups to the Individual Items of the Introversion-Extraversion Scale	227
VIII - 2	Differential Responses of the Criterion Groups to the Individual Items of the Normal-Neuroticism Scale	229
VIII - 3	Preference Indices (P), Internal Consistency Values (r), and Validity Indices ( $X^2$ ), for the Items Selected for the Introversion-Extraversion Scale	232
VIII - 4	Preference Indices (P), Internal Consistency Values (r) and Validity Indices ( $X^2$ ) for the Items Selected for the Normal-Neuroticism Scale	235
IX - 1	Number of Students in the Different Faculties of the Three Universities	244
IX - 2	Proportion of Students in the Faculties of Arts, Commerce, Science and Engineering in the Three Universities	245
IX - 3	Sample of Men Students from S.V. Vidyapeeth to Study the Group Differences in the Population	246
IX - 4	Means and Standard Deviations on Introversion-Extraversion Scale	247

TABLE NO.	TABLE	PAGE NO.
IX - 5	Means and Standard Deviations on Normal-Neuroticism Scale	248
IX - 6	Means and Standard Deviations of Men and Women on Introversion-Extraversion Scale	250
IX - 7	Means and Standard Deviations of Men and Women on Normal-Neuroticism Scale	251
IX - 8	Means and Standard Deviations of the Samples from the Three Universities on Introversion-Extraversion Scale	253
IX - 9	Means and Standard Deviations of the Samples from the Three Universities on Normal-Neuroticism Scale	253
IX - 10	Means and Standard Deviations of the Teachers and the Clerical Personnel on the Introversion-Extraversion Scale	255
IX - 11	Means and Standard Deviations of the Teachers and the Clerical Personnel on the Normal-Neuroticism Scale	255
IX - 12	Means and Standard Deviations of the College Students and the Non-Collegiate Sample on Introversion-Extraversion Scale	256
IX - 13	Means and Standard Deviations of the College Students and the Non-Collegiate Sample on Normal-Neuroticism Scale	256

(x111)

TABLE NO.	TABLE	PAGE NO.
IX - 14	Means, Standard Deviations and Standard Errors of the Means of the Total Sample on the Two Scales	258
IX - 15	Chi-Square Test of Normality of Distribution on Introversion-Extraversion Scale	262
IX - 16	Chi-Square Test of Normality of Distribution on Normal-Neuroticism Scale	263
IX - 17	Row Scores and Their Equivalent Categories (Introversion-Extraversion Scale)	264
IX - 18	Row Scores and Their Equivalent Categories (Normal-Neuroticism Scale)	265
X - 1	Scatter Diagram of Scores on Two Halves of the Introversion-Extraversion Scale	278
X - 2	Scatter Diagram of Scores on Two Halves of the Normal-Neuroticism Scale	279
X - 3	Scatter Diagram of Scores on Introversion-Extraversion Scale on the Two Administrations of the Inventory	281
X - 4	Scatter Diagram of Scores on Normal-Neuroticism Scale on the Two Administrations of the Inventory	282

(xiv)

TABLE NO.	TABLE	PAGE NO.
X - 5	pq Values for Items on Introversion-Extraversion Scale	284
X - 6	pq Values for Items on Normal-Neuroticism Scale	285
X - 7	Summary of the Reliability Values	287
