

C O N T E N T S

CHAPTER		PAGE
I	Introduction and literature survey	1
II	Binary metal-polyphenolic ligand systems	39
III	Ternary systems containing metal ion, tertiaryamine and polyphenolic ligands	68
IV	Isolation of ternary metal, α - α' dipyridyl and polyphenol complexes	90
V	Ternary metal, Histidine or IMDA or NTA or EDTA and polyphenolic ligand systems	102
VI	Isolation of ternary complexes of Ni(II) with amino acids, polyphenols and ethylenediamine	147
VII	Quaternary complexes of Ni(II), thio- acids, catechol and tertiary amines	156
