

### ACKNOWLEDGEMENT

It gives me great pleasure to express my deepest sense of gratitude to PROF. K.N. TRIVEDI for suggesting the problem, for his encouragement and valuable guidance rendered throughout the course of work.

I am thankful to Prof. P.K. Bhattacharya, Head, Chemistry Department for his keen interest in the work.

I am specially thankful to Dr. F.M. Dean, Department of Organic Chemistry, Robert Robinson Laboratories, University of Liverpool, England for the kind help in providing  $^{13}\text{C}$  NMR, NOE difference spectra and some PMR spectra for the work.

I am also grateful to Dr. S.S. Lele and Dr. S.M. Desai for their interest and suggestions in the work.

I wish to thank all my co-research workers for their kind cooperation and help and specially to Smt. Shubhangi Soman in the completion of manuscript typing and Shri S.L. Patel for microanalysis of some compounds.

My special thanks are due to Shri Dinesh Bhavsar for his timely help in the typing work and for the final typing of the thesis.

Finally, I cannot ignore to thank my family members my wife KamalaRao, son Hemakumar and daughter Smita for their tolerance, cooperation and moral support during the course of the work.
