

ACKNOWLEDGEMENTS

First of all, I would like to express my profound sense of gratitude to my respected research guide Prof. **B. V. Kamath** who has imbibed the traits of keeping me cool even in adverse situations, patience, perseverance and hard work. His cheerful and kind behavior made me learn not only about science but also life in general.

I wish to acknowledge the enduring legacy of the late **Dr. S. S. Madhava Rao** who was a perceptive critic and constant inspiration with fruitful scientific suggestions.

I have been greatly bona fide by **Dr. P. T. Deota** and **Dr. A. V. Bedekar** for their keen interest and willingness at all times to discuss problems associated with the research work. I owe a lot to them.

I would like to thank Head, Department of Chemistry, for providing all the necessary facilities for the research work and entrusting me fully with the lab equipments and chemicals.

I am extremely thankful to **Mr. S. P. Sahoo**, Manager, Analytical Division, **Sun Pharma Advanced Research Centre (SPARC)**, who as a friend went to great extent in getting me the PMR spectra and optical rotations. I would also like to thank **Dr. R. R. Soni**, Manager, **Alembic Chemicals**, for providing some necessary chemicals for the research work.

I would like to thank **Mr. Hemendra Vekaria** for his co-operation for biological characterization of compounds prepared.

I would like to thank my department teachers, **Dr. S. R. Shah** and other colleagues for their encouragements and timely assistance whenever it was required.

It gives me great pleasure to thank all my lab-mates and especial thank to **Dr. R. B. Yadav** for their unreserved help.

I would like to thank all non-teaching staff member of the department, especially **Kalpesh Bhavsar** for his kind help.

Finally, with unforgettable emotions I would like to express love to my family members for their assistance and support throughout my study, The M. S. University of Baroda and all my friends who made even my little free time highly enjoyable.
