

## C O N T E N T S

|   | Page |
|---|------|
| <u>INTRODUCTION</u>                       | .... |
| <u>CHAPTER I</u>                          | 1    |
| <u>SECTION I</u>                          |      |
| Studies in the synthesis of furocoumarins |      |
| Theoretical                               | .... |
| Experimental                              | .... |
|   | 11   |
|   | 75   |
| <u>SECTION II</u>                         |      |
| Synthesis of difurocoumarins              |      |
| Theoretical                               | .... |
| Experimental                              | .... |
|   | 96   |
|   | 106  |
| <u>CHAPTER II</u>                         |      |
| Studies in the synthesis of furo-         |      |
| benzo-y-pyrone                            |      |
| Theoretical                               | .... |
| Experimental                              | .... |
|   | 117  |
|   | 175  |
| <u>CHAPTER III</u>                        |      |
| Studies in the synthesis of furo-         |      |
| coumestan derivatives                     |      |
| Theoretical                               | .... |
| Experimental                              | .... |
|   | 206  |
|   | 267  |
| <u>SUMMARY</u>                            | .... |
|   | 281  |
