

# List of Figures

|  |           |
|--|-----------|
| <b>Figure 1. Kinase and phosphatase-catalysed protein regulation.....</b>  | <b>1</b>  |
| <b>Figure 2. 3D Protein structure of BTK. ....</b>   | <b>3</b>  |
| <b>Figure 3. BTK sequence with five distinct domains .....</b>   | <b>4</b>  |
| <b>Figure 4. Outline diagram of B-cell function.....</b>   | <b>6</b>  |
| <b>Figure 5. B-cell developmental stages .....</b>   | <b>7</b>  |
| <b>Figure 6. The B-cell receptor signalling pathway .....</b>  | <b>10</b> |
| <b>Figure 7. Chemical structure of some well-known NSAIDs .....</b>  | <b>22</b> |
| <b>Figure 8. Corticosteroid chemical structures .....</b>  | <b>23</b> |
| <b>Figure 9. Examples of DMARDs. ....</b>  | <b>23</b> |
| <b>Figure 10. Common binding interactions and features of the BTK inhibitor<br/>(Ibrutinib) .....</b>  | <b>34</b> |
| <b>Figure 11. Methodology for designing novel BTK inhibitors .....</b>   | <b>35</b> |
| <b>Figure 12. Designing of 3-(4-phenoxyphenyl)-pyrazolo[3,4-d] pyrimidin-4-amine<br/>scaffold-based BTK inhibitors 24a-h of Series 1 .....</b>   | <b>38</b> |
| <b>Figure 13. Docked pose of 24e within ATP active binding sites of BTK enzyme.</b>  | <b>46</b> |
| <b>Figure 14. Designing of 1-(octahydrocyclopenta[c]pyrrol-5-yl)-1H-pyrazolo[3,4-<br/>d]pyrimidin-4-amine scaffold based BTK inhibitors 32a-an of Series 2 .....</b>   | <b>47</b> |
| <b>Figure 15. Docked pose of 32b within ATP active binding sites of BTK enzyme</b>   | <b>57</b> |
| <b>Figure 16. Designing of 4-(4-amino-1-(octahydrocyclopenta[c]pyrrol-5-yl)-1H-<br/>pyrazolo[3,4-d]pyrimidin-3-yl)-N-(pyridin-2-yl)benzamide scaffold based BTK<br/>inhibitors 32ao-av of Series 3 .....</b> | <b>58</b> |
| <b>Figure 17. Docked pose of 32ao within ATP active binding site of BTK enzyme</b>   | <b>63</b> |
| <b>Figure 18. <i>In vivo</i> Anti tumor activities of 32b .....</b>  | <b>75</b> |
| <b>Figure 19. <i>In vivo</i> Antiarthritic activities of 32b .....</b>   | <b>77</b> |

|  |            |
|--|------------|
| <b>Figure 20. 32b is an irreversible inhibitor of BTK .....</b>        | <b>79</b>  |
| <b>Figure 21. <math>^1\text{H}</math> NMR of intermediate 6e .....</b> | <b>206</b> |
| <b>Figure 22. ESI-MS of intermediate 6e.....</b>                       | <b>206</b> |
| <b>Figure 23. <math>^1\text{H}</math> NMR of intermediate 6g .....</b> | <b>207</b> |
| <b>Figure 24. ESI-MS of intermediate 6g .....</b>                      | <b>207</b> |
| <b>Figure 25. <math>^1\text{H}</math> NMR of intermediate 6h.....</b>  | <b>208</b> |
| <b>Figure 26. ESI-MS of intermediate 6h .....</b>                      | <b>208</b> |
| <b>Figure 27. <math>^1\text{H}</math> NMR of 24a.....</b>              | <b>209</b> |
| <b>Figure 28. <math>^{13}\text{C}</math> NMR of 24a.....</b>           | <b>209</b> |
| <b>Figure 29. ESI-MS of 24a .....</b>                                  | <b>210</b> |
| <b>Figure 30. UPLC of 24a .....</b>                                    | <b>210</b> |
| <b>Figure 31. <math>^1\text{H}</math> NMR of 24b.....</b>              | <b>210</b> |
| <b>Figure 32. <math>^{13}\text{C}</math> NMR of 24b.....</b>           | <b>211</b> |
| <b>Figure 33. ESI-MS of 24b.....</b>                                   | <b>211</b> |
| <b>Figure 34. UPLC of 24b.....</b>                                     | <b>211</b> |
| <b>Figure 35. <math>^1\text{H}</math> NMR of 24c .....</b>             | <b>212</b> |
| <b>Figure 36. <math>^{13}\text{C}</math> NMR of 24c .....</b>          | <b>212</b> |
| <b>Figure 37. ESI-MS of 24c .....</b>                                  | <b>213</b> |
| <b>Figure 38. UPLC of 24c .....</b>                                    | <b>213</b> |
| <b>Figure 39. <math>^1\text{H}</math> NMR of 24d.....</b>              | <b>213</b> |
| <b>Figure 40. <math>^{13}\text{C}</math> NMR of 24d.....</b>           | <b>214</b> |
| <b>Figure 41. ESI-MS of 24d.....</b>                                   | <b>214</b> |
| <b>Figure 42. UPLC of 24d.....</b>                                     | <b>214</b> |
| <b>Figure 43.<math>^1\text{H}</math> NMR of 24e .....</b>              | <b>215</b> |
| <b>Figure 44. <math>^{13}\text{C}</math> NMR of 24e .....</b>          | <b>215</b> |
| <b>Figure 45. ESI-MS of 24e .....</b>                                  | <b>216</b> |

|   |            |
|---|------------|
| <b>Figure 46. UPLC of 24e .....</b>                                     | <b>216</b> |
| <b>Figure 47. <math>^1\text{H}</math> NMR of 24f.....</b>               | <b>216</b> |
| <b>Figure 48. <math>^{13}\text{C}</math> NMR of 24f .....</b>           | <b>217</b> |
| <b>Figure 49. ESI-MS of 24f.....</b>                                    | <b>217</b> |
| <b>Figure 50. UPLC of 24f.....</b>                                      | <b>217</b> |
| <b>Figure 51. <math>^1\text{H}</math> NMR of 24g.....</b>               | <b>218</b> |
| <b>Figure 52. <math>^{13}\text{C}</math> NMR of 24g.....</b>            | <b>218</b> |
| <b>Figure 53. ESI-MS of 24g .....</b>                                   | <b>219</b> |
| <b>Figure 54. UPLC of 24g .....</b>                                     | <b>219</b> |
| <b>Figure 55. <math>^1\text{H}</math> NMR of 24h.....</b>               | <b>219</b> |
| <b>Figure 56. <math>^{13}\text{C}</math> NMR of 24h.....</b>            | <b>220</b> |
| <b>Figure 57. ESI-MS of 24h.....</b>                                    | <b>220</b> |
| <b>Figure 58. UPLC of 24h.....</b>                                      | <b>220</b> |
| <b>Figure 59. <math>^1\text{H}</math> NMR of intermediate 28b .....</b> | <b>221</b> |
| <b>Figure 60. ESI-MS of intermediate 28b .....</b>                      | <b>221</b> |
| <b>Figure 61. UPLC of intermediate 28b .....</b>                        | <b>221</b> |
| <b>Figure 62. <math>^1\text{H}</math> NMR of intermediate 29 .....</b>  | <b>222</b> |
| <b>Figure 63. ESI-MS of intermediate 29 .....</b>                       | <b>222</b> |
| <b>Figure 64. UPLC of intermediate 29 .....</b>                         | <b>222</b> |
| <b>Figure 65. <math>^1\text{H}</math> NMR of 32a.....</b>               | <b>223</b> |
| <b>Figure 66. <math>^{13}\text{C}</math> NMR of 32a.....</b>            | <b>223</b> |
| <b>Figure 67. ESI-MS of 32a .....</b>                                   | <b>224</b> |
| <b>Figure 68. UPLC of 32a .....</b>                                     | <b>224</b> |
| <b>Figure 69. <math>^1\text{H}</math> NMR of 32b.....</b>               | <b>224</b> |
| <b>Figure 70. <math>^{13}\text{C}</math> NMR of 32b.....</b>            | <b>225</b> |
| <b>Figure 71. ESI-MS of 32b.....</b>                                    | <b>225</b> |

|   |            |
|---|------------|
| <b>Figure 72. UPLC of 32b.....</b>                            | <b>225</b> |
| <b>Figure 73. TGA of 32b .....</b>                            | <b>226</b> |
| <b>Figure 74. DSC of 32b.....</b>                             | <b>226</b> |
| <b>Figure 75. XRD of 32b .....</b>                            | <b>227</b> |
| <b>Figure 76. <math>^1\text{H}</math> NMR of 32c .....</b>    | <b>227</b> |
| <b>Figure 77. <math>^{13}\text{C}</math> NMR of 32c .....</b> | <b>228</b> |
| <b>Figure 78. ESI-MS of 32c .....</b>                         | <b>228</b> |
| <b>Figure 79. UPLC of 32c .....</b>                           | <b>228</b> |
| <b>Figure 80. <math>^1\text{H}</math> NMR of 32d.....</b>     | <b>229</b> |
| <b>Figure 81. <math>^{13}\text{C}</math> NMR of 32d.....</b>  | <b>229</b> |
| <b>Figure 82. ESI-MS of 32d.....</b>                          | <b>230</b> |
| <b>Figure 83. UPLC of 32d.....</b>                            | <b>230</b> |
| <b>Figure 84. <math>^1\text{H}</math> NMR of 32e .....</b>    | <b>230</b> |
| <b>Figure 85. <math>^{13}\text{C}</math> NMR of 32e .....</b> | <b>231</b> |
| <b>Figure 86. ESI-MS of 32e .....</b>                         | <b>231</b> |
| <b>Figure 87. UPLC of 32e .....</b>                           | <b>231</b> |
| <b>Figure 88. <math>^1\text{H}</math> NMR of 32f.....</b>     | <b>232</b> |
| <b>Figure 89. <math>^{13}\text{C}</math> NMR of 32f .....</b> | <b>232</b> |
| <b>Figure 90. ESI-MS of 32f.....</b>                          | <b>233</b> |
| <b>Figure 91. UPLC of 32f.....</b>                            | <b>233</b> |
| <b>Figure 92. <math>^1\text{H}</math> NMR of 32g.....</b>     | <b>233</b> |
| <b>Figure 93. <math>^{13}\text{C}</math> NMR of 32g.....</b>  | <b>234</b> |
| <b>Figure 94. ESI-MS of 32g.....</b>                          | <b>234</b> |
| <b>Figure 95. UPLC of 32g .....</b>                           | <b>234</b> |
| <b>Figure 96. <math>^1\text{H}</math> NMR of 32h.....</b>     | <b>235</b> |
| <b>Figure 97. <math>^{13}\text{C}</math> NMR of 32h.....</b>  | <b>235</b> |

|   |            |
|---|------------|
| <b>Figure 98. ESI-MS of 32h.....</b>                          | <b>236</b> |
| <b>Figure 99. UPLC of 32h.....</b>                            | <b>236</b> |
| <b>Figure 100. <math>^1\text{H}</math> NMR of 32i.....</b>    | <b>236</b> |
| <b>Figure 101. ESI-MS of 32i.....</b>                         | <b>237</b> |
| <b>Figure 102. UPLC of 32i.....</b>                           | <b>237</b> |
| <b>Figure 103. <math>^1\text{H}</math> NMR of 32j.....</b>    | <b>237</b> |
| <b>Figure 104. ESI-MS of 32j.....</b>                         | <b>238</b> |
| <b>Figure 105. UPLC of 32j.....</b>                           | <b>238</b> |
| <b>Figure 106. <math>^1\text{H}</math> NMR of 32k.....</b>    | <b>238</b> |
| <b>Figure 107. ESI-MS of 32k.....</b>                         | <b>239</b> |
| <b>Figure 108. UPLC of 32k.....</b>                           | <b>239</b> |
| <b>Figure 109. <math>^1\text{H}</math> NMR of 32l.....</b>    | <b>239</b> |
| <b>Figure 110. ESI-MS of 32l.....</b>                         | <b>240</b> |
| <b>Figure 111. UPLC of 32l.....</b>                           | <b>240</b> |
| <b>Figure 112. <math>^1\text{H}</math> NMR of 32m.....</b>    | <b>240</b> |
| <b>Figure 113. ESI-MS of 32m.....</b>                         | <b>241</b> |
| <b>Figure 114. UPLC of 32m.....</b>                           | <b>241</b> |
| <b>Figure 115. <math>^1\text{H}</math> NMR of 32n.....</b>    | <b>241</b> |
| <b>Figure 116. ESI-MS of 32n.....</b>                         | <b>242</b> |
| <b>Figure 117. UPLC of 32n.....</b>                           | <b>242</b> |
| <b>Figure 118. <math>^1\text{H}</math> NMR of 32o.....</b>    | <b>242</b> |
| <b>Figure 119. <math>^{13}\text{C}</math> NMR of 32o.....</b> | <b>243</b> |
| <b>Figure 120. ESI-MS of 32o .....</b>                        | <b>243</b> |
| <b>Figure 121. UPLC of 32o .....</b>                          | <b>243</b> |
| <b>Figure 122. <math>^1\text{H}</math> NMR of 32p.....</b>    | <b>244</b> |
| <b>Figure 123. <math>^{13}\text{C}</math> NMR of 32p.....</b> | <b>244</b> |

|  |            |
|--|------------|
| <b>Figure 124. ESI-MS of 32p.....</b>                          | <b>245</b> |
| <b>Figure 125. UPLC of 32p.....</b>                            | <b>245</b> |
| <b>Figure 126. <math>^1\text{H}</math> NMR of 32q.....</b>     | <b>245</b> |
| <b>Figure 127. <math>^{13}\text{C}</math> NMR of 32q.....</b>  | <b>246</b> |
| <b>Figure 128. ESI-MS of 32q.....</b>                          | <b>246</b> |
| <b>Figure 129. UPLC of 32q.....</b>                            | <b>246</b> |
| <b>Figure 130. <math>^1\text{H}</math> NMR of 32r .....</b>    | <b>247</b> |
| <b>Figure 131. <math>^{13}\text{C}</math> NMR of 32r .....</b> | <b>247</b> |
| <b>Figure 132. ESI-MS of 32r .....</b>                         | <b>248</b> |
| <b>Figure 133. UPLC of 32r .....</b>                           | <b>248</b> |
| <b>Figure 134. <math>^1\text{H}</math> NMR of 32s .....</b>    | <b>248</b> |
| <b>Figure 135. <math>^{13}\text{C}</math> NMR of 32s .....</b> | <b>249</b> |
| <b>Figure 136. ESI-MS of 32s.....</b>                          | <b>249</b> |
| <b>Figure 137. UPLC of 32s .....</b>                           | <b>249</b> |
| <b>Figure 138. <math>^1\text{H}</math> NMR of 32t.....</b>     | <b>250</b> |
| <b>Figure 139. <math>^{13}\text{C}</math> NMR of 32t .....</b> | <b>250</b> |
| <b>Figure 140. ESI-MS of 32t.....</b>                          | <b>251</b> |
| <b>Figure 141. UPLC of 32t.....</b>                            | <b>251</b> |
