

Acknowledgement

On the verge of accomplishing a cherished dream, I offer flowers of gratitude to the almighty that has been a source of strength in thick and thin.

I am indebted to my guide, mentor Prof Ambikanandan Misra for giving me this golden opportunity. Under his able guidance and due to his constant motivation and constructive criticism my dream has become a reality. No words will ever be able to justify my gratitude for him.

I am thankful to Head, Pharmacy Department to allow me to use the departmental facilities. I am grateful to all the teaching and non-teaching staff for the support extended.

I am grateful to Dr. Y S Marfatia, Head, Skin and V.D. Department, Baroda Medical college for his valuable guidance, timely support and allowing me to carry out the clinical trials.

I am thankful to Prof Rasheedunnisa Begum, Department of Biochemistry, M.S. University for introducing me to techniques of molecular biology and allowing me to work in her well equipped lab.

I am thankful to Dr. Sunil Trivedi, GCRI, Ahmedabad for helping me with fluorescence microscopy.

I am thankful to M/s Lyka Limited, Ankleshwar, M/s Zydus Cadila Ltd., Ahmedabad, M/s Abitec Corporation, California, M/s Colorcon Ltd., Mumbai for the generous gift samples.

It was difficult to overcome the initial inertia, but my husband, my parents and close friends propelled the momentum. Special thanks are due to Maa for her encouragement.. My family and friends have unfailingly lent a helping hand whenever needed. My adorable son, Lakshya needs a special mention for all his love. I am grateful to all those who have made this project a success. Last but not the least; I dedicate this work to my late grandfather Sh. N L Achha.
