Few Words of Heartfelt Expressions...

Today with humility, misty eyes and folded hands when I thank Almighty in these blissful moments, I am also expressing my innermost into words. Research is an arduous task that involves consistent and dedicated mind with persistent hard labour put into it. This can only be possible with His benediction and grace.

Rajput**, whose continuous encouragement, invaluable guidance, constructive criticism, precious suggestions, crucial help, benevolent attention and tireless efforts enabled me to execute this project successfully. I will never forget the spirit of sincerity, devotion, dedication, moral certitude and ethics she has inculcated within me during this period.
