

## ACKNOWLEDGEMENTS

*"Few things are impossible to diligence & skill ... great works are performed not by strength but by perseverance."*

- Samuel Johnson

*It gives me immense pleasure to show my deep sense of gratitude to my research supervisor **Prof. A.C.Shah** for his cheerful and kind behavior accompanied with fruitful scientific suggestions. The traits of keeping ones cool even in adverse situations, patience, perseverance and hard work have been imbibed in me by my respected guide.*

*I would like to thank **Prof. Surekha Devi**, Head, Department of Chemistry for providing me all the facilities for my research work and entrusting me fully with the lab equipments and chemicals. I am also thankful to her for her constant encouragement and support.*

*My sincere thanks are due to **DuPont India Ltd.** for providing me the DuPont Research fellowship for a period of two years and to **Lupin Laboratories**, Ankleshwar for their generous donation of raw material for my work.*

*I am very much indebted to **Mr.Mandar Bodas**, National Chemical Laboratory, and Pune who as a friend went to great extents in getting me the PMR,  $^{13}\text{C}$  NMR, optical rotations & DEPT analysis. Thanks are also due to **Dr.Vedavati Puranik** who helped me in getting the single crystal x-ray data. I would like to express my deep gratitude to **Dr. T.Rajmannar**, Vice President, Sun Pharma Advanced Research Centre for helping me a number of times in recording the PMR,  $^{13}\text{C}$  NMR and optical rotations. I would also like to thank **Dr. Sivaram**, General Manager, Analytical division, Sun Pharma Advanced Research Centre for his kind help. I am also grateful to my senior and friend **Dr.G.Bijukumar**, Glenmark India Ltd. who helped me in the nick of time for PMR spectra. I would also like to thank **Mr.Gautam Ajmeri**, Alembic Chemicals Ltd. for recording the PMR. I would especially like to thank **Dr. S.S.Madhavrao** who provided me with all the elemental analysis and Infrared spectra. I would also like to acknowledge the help of **RSIC, IIT Mumbai** for PMR and  $^{13}\text{C}$  spectra. I would also take this*

opportunity to thank **Dr. Madan Sharma**, Rubamin Pharmaceuticals Ltd. for some useful discussions.

I extend my deep sense of gratitude to my teachers **Prof. B.V.Kamath**, **Prof. (retd.)K.B. Nair**, **Prof. A.K.Rakshit**, **Prof.H.S.Rama**, **Prof. (retd.)R.H.Mehta** and all the other staff members of chemistry department for their constant encouragement and support.

The kind help extended by **Mr. D.R.Bhavsar**, **Mr. Ninad Mehta**, **Mrs. Revathi Ganesan**, **Mr. Bhrambhatt**, **Mr. Rane** and all other non teaching staff members of the chemistry department is greatly acknowledged and appreciated.

I would like to thank my friend **Mr. Mitesh Patel** for helping me in typing of my thesis

**Dr.Sujit Datta**, **Dr.Sumit Bhawal**, **Dr.Shridhar Iyer**, **Dr.Shivaji Sharma**, **Dr. Sandeep Patil**, **Dr. Keyur Somani**, **Dr. Utkarsh Shukla**, **Dr.Devaki Desai**, **Mr.Vikas Sharma** and all my other friends and colleagues who always extended their support and help and shared every moment of my duration in the department will remain in my memories till last.

No words can ever describe the emotions that I have for my parents and elder brother **Deepak**, who not only supported me financially but also emotionally helping me to deal with each unsuccessful attempt with a positive spirit. My faith in the Almighty, highly inspired and cultivated by my mother, helped me to have a clear mind and conscience while setting goals and doing my research work.

Last but not the least I am extremely grateful to my wife **Rashmi**, who showed immense patience and extended her support to achieve my goal.

**DINESH NAIR**

**JUNE 2005**
