

ACKNOWLEDGEMENT

Though these words are inadequate to express my indebtedness to Dr. R.V. Shah, Professor and Head, Department of Zoology, M. S. University of Baroda, Baroda, it gives me great pleasure to record my deep sense of gratitude to him for kindly suggesting the problem, for extending valuable guidance all along the course of this study and above all for devoting a good deal of his time for the progress of this study.

I am also indebted to Dr. Bonny Pilo whose suggestions and help have greatly contributed towards the preparation of this thesis.

I am thankful to my colleagues and friends in the department for their valuable help rendered to me during the course of this work and in the preparation of the thesis.
