

ACKNOWLEDGEMENTS

I wish to express my deep sense of gratitude and indebtedness towards Dr. P.M. Ambadkar, Reader in Zoology, Department of Zoology, Faculty of Science, M.S. University of Baroda for introducing me to this line of work and extending valuable guidance all along the course of this study. He has generously shared with me his wealth of ideas and knowledge and given me constant encouragement throughout this study.

I wish to express my profound thanks to Professor R.V. Shah, Head, Department of Zoology, M.S. University of Baroda, for the interest in my efforts and his generous support through all phases of this work in providing every facility.

Thanks are also due to Dr. S.T. Patel, Dr. P.K. Hiradhar, Mr. P.V. Patel, Mr. Thomas Varughese and Miss. S. Iyengar for their help during the preparation of this thesis. I am grateful to all my other colleagues for their help and cooperation.

Finally, I would like to gratefully acknowledge the financial support from University Grants Commission and Indian Council of Medical Research by way of awards of junior and senior research fellowship respectively.
