

# ACKNOWLEDGEMENTS

Ph. D degree cannot be achieved without the assistance of a small group of people in one's life from time to time. Now I would like to express my heartfelt gratitude to all of my loved ones. This thesis is the milestone in the journey towards obtaining my PhD degree. It will be just a stepping stone for me in this vast field of research.

First of all, I would like to express my heartiest gratitude **Dr. P. H. Soni**, my Ph. D. supervisor, guide and mentor, for inspiring me to join the field of research in the area of crystal growth. His constant encouragement, and unwavering support throughout this Ph. D has greatly aided me in carrying out my research and developing the required abilities to be a successful researcher in my profession. It is an immense honor to have worked under his guidance. Without his tremendous support and encouragement, it would not be possible to reach this stage.

It is my great pleasure to expressing my indebtedness and a deep sense of gratitude to **Prof. C. F. Desai**. I greatly benefitted from our discussions regarding research shortcomings and his critical queries and suggestions. His immense knowledge and experience have encouraged me in my academic research.

I am grateful to **Prof. Haribhai Kataria**, Dean, Faculty of Science, The Maharaja Sayajirao University of Baroda, for valuable support. I am thankful to **Prof. P.K. Jha**, Head, Department of Physics, Faculty of Science, The Maharaja Sayajirao University of Baroda, Vadodara. I am also grateful to other members of the department for assisting me when needed. I express my heartiest thank to **Prof. M. Srinivas, Prof.P. K. Mehta, Dr. D. G. Rathod, Dr. K. R. Jotania, Dr. Keyur Vyas, Dr. Mitesh Sarkar, Dr. B. P. Shah, Dr. K. H. Chudhari, Mr. R. D. Chauhan**

**Dr. R. J. Makwana, Dr. Debjani Bagchi and Dr. Alpa Dashora** for their valuable and prompt help at various stages of my research work.

I am thankful to **Dr. A. N. Prajapati** (Department of Applied physics, Faculty of Technology) for providing Powder X-ray diffraction facility. Also, I want to extend my thanks to **Prof. G. K. Solanki**, Department of Physics, Sardar Patel University, for extending thermoelectric power measurement facility.

I would like to express my thanks towards my lab colleagues **Dr. Manish Patel, Dr. Ashwini Mahadik, Dr. Bhaskar Soni, Ms. Dhruti Bhagora and Mr. Hitesh Chaudhari** for every help and moral support for successfully completion of my research work. I also thankful to every non-teaching staff and workshop staff of the Department of Physics, Faculty of Science, for their timely help in maintenance and keeping functional of instruments and facilities.

I want to thank my departmental friends **Dr. Chaitanya Limberkar, Dr. Nimesh Patel, Mr. Ratankumar and Mr. Naresh Degda** for keeping cordial spirits and bringing joy during my research period.

I would like to express deep sense of gratitude to the managing body of **Vadodara Jilla Kelavani Mandal** and **Ex. Principal Dr. J. R. Shukla** of Shri C. N. P. F. Arts and D. N. Science College, Dabhoi who not only grant the permission to join the research but also always encouraged me. I am also thankful to Staff members **I/C Principal Sunil B. Patel** and **Prof. L. I. Shah** of Physics Department of Shri C. N. P. F. Arts and D. N. Science College, Dabhoi for their moral support. I am also grateful to the other staff members **Dr. S. R. Singh, Dr. V. N. Solanki, Dr. N. A. Gohel, Dr. P. H. Modh, Dr. S. B. Aahir, Dr. L. M. Raj, Prof. S. D. Parmar, Dr. K. D. Patel, Dr. B. S. Patel** for their time-to-time help, moral support and encouragement.

Thank you very much to all who helped me directly or indirectly in various capacities.

At last, but most important, I am extremely grateful for kind support and encouragement of my father, **Mr. Hiralal Nanda** and blessings of my mother **Late Mrs. Manjulaben Nanda** for this great achievement. They always believed in me and supported me in every decision of my life. I wish my special thanks to my beloved wife, **Mrs. Hema Nanda**, who played a special role during my research journey. I feel honoured and admire her patience and care for all this time. I can't forget to express my special thanks to my daughter **Miss Ayushi** and son **Om Nanda** for their sacrifices. I am very obligated to my family, without whose support, I could not have finished my work. I lack words to express my heartfelt gratitude to my loving and most supportive sister **Mrs. Dipti Chandra** and brother-in-law **Mr. Sunil Chandra** for their unwavering support and encouragement.
