

List of Conference Presentations

The following are the presentations made in the National and International Conferences.

- 1 Existence and Uniqueness of Classical and Mild Solutions of Generalized Impulsive Differential Equation in International Conference Discrete and Computational Mathematics (ICDCM-2017) organized by The Gandhigram Rural Institute-Deemed to be University, from 16-18 Feb 2017.
- 2 Existence and Uniqueness of Classical and Mild Solutions of Impulsive Fractional Evolution Equation in 86th Annual Conference of Indian Mathematical Society (An international conference) organized by Vellore Institute of Technology, from 17-20 Dec 2020.
- 3 Controllability of Semilinear Generalized Impulsive Systems using Functional Analytic Approach, National Conference on Computational Mathematics organized by National Institute of Technology Puducherry, Karaikal, from 22-23 December 2022.
- 4 Trajectory controllability of second order semilinear systems using functional analytic approach, International Symposium on Mathematical Analysis of Fractals and Dynamical Systems – 2023 (ISMAFDS–2023) is organized by the

Department of Mathematics, School of Advanced Sciences, Vellore Institute of Technology, Vellore, Tamil Nadu, from 24-25 August 2023.
