

Table of content

| | | |
|----------|---|-----------|
| 1 | Introduction | 1 |
| 1.1 | Fourier coefficients' properties of one variable functions of generalized bounded variations | 2 |
| 1.2 | Rational Fourier coefficients' properties of one variable functions of generalized bounded variations | 10 |
| 1.3 | Order of magnitude of double and multiple Fourier coefficients . . | 14 |
| 1.4 | Rate of convergence of Fourier and double Fourier series | 27 |
| 1.5 | Rate of convergence of rational Fourier series | 31 |
| 1.6 | Convergence and integrability of trigonometric and double trigonometric series | 32 |
| 2 | Order of magnitude of rational Fourier coefficients | 37 |
| 3 | Order of magnitude of double and multiple rational Fourier coefficients | 43 |
| 3.1 | Order of magnitude of double rational Fourier coefficients | 43 |
| 3.2 | Order of magnitude of multiple rational Fourier coefficients | 64 |
| 4 | Rate of convergence of rational, conjugate rational and double rational Fourier series | 70 |

| | | |
|----------|--|------------|
| 4.1 | Rate of convergence of rational and conjugate rational Fourier series of function of generalized bounded variation | 71 |
| 4.2 | Rate of convergence for double rational Fourier series of function of generalized bounded variation | 78 |
| 5 | Convergence and integrability of rational and double rational trigonometric series | 92 |
| 5.1 | Rational trigonometric series | 93 |
| 5.2 | Double rational trigonometric series | 96 |
