

ACKNOWLEDGEMENT

Firstly, I would like to express my gratitude to my research guide **Prof. Shubhangi S. Soman**, for suggesting research problem, without whom this work would have been impossible to accomplish. Throughout my research, she provided me with invaluable guidance, continuous scientific help, encouragement, and affection which propelled me with the zeal and determination that were indispensable for this accomplishment. She always encouraged me. Her compassion and kindness made me realize how lucky I am to have her as my supervisor.

I thank to **Prof. Ashutosh Bedekar**, Head, Department of Chemistry and All, former Head, Department of Chemistry, Faculty of Science, The M. S. University of Baroda for providing laboratory and analytical facilities at the department.

It gives me immense pleasure to thank several people who stood by me all the time and helped me in a way to materialize my thesis. I would like to appreciate many people who made conscious effort to nurture my dreams and goals. I am also thankful to many others who laid the foundations of research during my post-graduation. I wholeheartedly acknowledge each and every one in no particular order and I strongly believe I have not missed anyone.

I would like to indebted my gratitude to **Dr. Rina Soni** for her sustained hospitality and care during my complete Ph. D. work; whenever I use to fail in getting product little words of motivation would cheer me to bounce back on track. I remember detailed discussion of many reactions helped me personally to grow my knowledge and understanding in the field of chemistry. She constantly helped and encouraged me in difficult times and been there whenever it was needed.

I am thankful to **DST-FIST** and **Prof. S. R. Shah** for providing NMR facility in the Department.

Special thanks to **Dr. Rajesh Bahekar** for analytical analysis of synthesized compounds during the course of research.

I am also thankful to **Prof. B. Suresh**, **Dr. Shweta Umar** and **Ms. Anjali Patel** Dept. of Zoology, Faculty of Science, for the MTT and other biological assay of the test compounds.

I am also thankful to all the teaching and non-teaching staff for their continuous help and support.

I am thankful to my colleagues and best friends, **Ms. Angha Pandit**, **Ms. Vijayalakshmi Shelke**, and **Ms. Ashwini Patil** who provided unwavering moral support throughout my research journey. They were catalyst who activated and galvanized me to the best. Additionally, I am grateful to my labmates and friends Dr. Kanu Kataria, Dr. Jay Patel, Ms. Meera Mori, Mr. Palkesh Chauhan, Ms. Mahima Rabari, Mr. Jay Patel, Mr. Vivek Patel, Mr. Sudhir Kataria within the department for their support and shared enthusiasm, which made this academic journey memorable.

I am grateful to my elder sisters **Dr. Gayatri Patil** and **Mrs. Jyostna Patil** and also thanks to brother in law **Dr. Yuvraj Patil** who constantly inspired and pushed me in right direction to face every difficulty with firm determination. They helped me persistently without doubting my capabilities and guided me in every walk of my life.

Last but not the least; I would like to express deeply felt sense of appreciation and thanks to my husband **Mr. Harshal Patil** for his constant support and encouragement each and every stage throughout this research journey without him this journey would not have been possible. His patience, understanding, and willingness to lend a helping hand have been invaluable. His presence has made this challenging endeavour more manageable, and I am truly thankful for his love and support. Thanks to my lovely son **Chi. Chaitanya Patil** for staying so well with his grandmother, without causing too much trouble, which allowed me to focus on my research.

Special thanks to my mother **Mrs. Lata Patil**, whose constant support and care for my son allowed me to fully dedicate myself to my research thesis. Her selflessness made this journey possible. Also thanks to my father **Late. Vishvasrao Patil** although no longer with us but your blessings and guidance continue to be a source of strength in my life

I extend my heartfelt appreciation to my in-laws **Mr. Chotan Patil** and **Mrs. Meena Patil** for their understanding and sacrifices, which allowed me the time and space to dedicate to this research.

Jayashree Vishvasrao Patil
