Table 3.1	SSC result of experimental group students	132
Table 3.2	Experimental group students' performance in English subject in SSC	132
Table 3.3	HSC result of experimental group students	132
Table 3.4	Experimental group students' performance in English subject in HSC	133
Table 3.5	Result of experimental group students in final year UG examination	133
Table 3.6	Experimental group students' performance in English subject at UG level	133
Table 3.7	SSC result of control group students	134
Table 3.8	Control group students' performance in English subject in SSC	134
Table 3.9	HSC result of control group students	135
Table 3.10	Control group students' performance in English subject in HSC	135
Table 3.11	Result of control group students in final year UG examination	135
Table 3.12	Control group students' performance in English subject at UG level	135
Table 4.1	Variation in writing patterns	152
Table 4.2	Paired sample statistics for experimental group test scores	159
Table 4.3	Paired samples T-test for overall Scores	160
Table 4.4	Paired Sample Statistics for experimental group test scores	175
Table 4.5	Paired samples test for overall Scores	176
Table 4.6	Comparison of students using thinking strategies in writing in control group and experimental group	183
Table 4.7	Comparison of students of experimental group using strategies in writing - pre-test and post-test	184
Table 4.8	Increase in number of strategies used by experimental group students	186
Table 4.9	Pre-test - strategy use in writing- experimental group and control group	188
Table 4.10	Post-test - strategy use in writing - experimental group and control group	188
Table 4.11	Comparison of students using thinking strategies in speaking in experimental group and control group	189

Table 4.12	Comparison of students of experimental group using strategies in writing - pre-test and post-test	191
Table 4.13	Increase in number of strategies used by experimental group students	192
Table 4.14	Pre-test strategy use in speaking- experimental group and control group	194
Table 4.15	Post-test strategy use in speaking- experimental group and control group	194
