LIST OF GRAPHS / FIGURES

Graph No	Description	Page No
1	Department wise Responses	61
2	Age wise Responses	64
3	Gender wise Responses	65
4	Status wise Responses	66
5	Education wise Responses	67
6	Visit to Library wise responses	68
7	Library working Hours wise responses	69
8	Average (mean) score of purpose of visit library resources media across the Age.	209
9	Average (mean) score of purpose of visit library resources media across the Gender.	210
10	Average (mean) score of purpose of visit library resources media across the Status.	211
11	Average (mean) score of purpose of visit library resources media across the Education	213
12	Average (mean) score of purpose of library resources media accessibility across the Age.	215
13	Average (mean) score of purpose of library resources media accessibility across the Gender.	216
14	Average (mean) score of purpose of library resources media accessibility across the Status	217
15	Average (mean) score of purpose of library resources media accessibility across the Education.	218
16	Average (mean) score of purpose of library resources suitability across the Age.	220
17	Average (mean) score of purpose of library resources suitability across the Gender.	221

Graph No	Description	Page No
18	Average (mean) score of purpose of library resources suitability across the Status.	222
19	Average (mean) score of purpose of library resources suitability across the Education.	224
20	Average (mean) score of purpose of library resources accessibility across the Age.	226
21	Average (mean) score of purpose of library resources accessibility across the Gender.	227
22	Average (mean) score of purpose of library resources accessibility across the Status.	228
23	Average (mean) score of purpose of library resources accessibility across the Education.	229
24	Average (mean) score of viability of library resources media across the Age.	231
25	Average (mean) score of viability of library resources media across the Gender.	232
26	Average (mean) score of viability of library resources media across the Status.	233
27	Average (mean) score of viability of library resources media across the Education.	235
28	Average (mean) score of feasibility of library resources media across the Age.	237
29	Average (mean) score of feasibility of library resources media across the Gender.	238
30	Average (mean) score of feasibility of library resources media across the Status.	239
31	Average (mean) score of feasibility of library resources media across the Education.	241
