List of Figures, Chart and Tables	(iii)
CHAPTER I : THE PROBLEM	
1.1 Introduction to the general problems of disability	1-4
1.2 Historical emergence of the problem	4-15
(a) The concept of physical disability, handicap and impairment	
(b) Crisis experience	
(c) Concept of adjustment	
1.3 The various types of physical disability and the problems of adjustment	16-33
(a) Types of disability and the problems posed by disability in retrospect	
(b) Disability and the problem dependence	
(c) Problems of crisis experience in retrospect	
(d) Problems of adjustment in retrospect	
1.4 Theoretical assumptions underlying the present study	34-36
1.5 Theoretical and practical significance of the study	37-39
1.6 Statement of the specific problem under investigation	39
References	40-54

	<u>Pages</u>
CHAPTER II : METHODOLOGY	
2.1 Introduction : Issues and Objectives	55-57
2.2 The specific problem under investigation	57
2.3 Statement of the problem in terms of null-hypotheses	57-60
2.4 The variables	61-64
2.5 The sample	64
2.6 Tools	64-73
2.7 The procedure of data collection	74-75
2.8 Analysis of results	75-77
List of Abbreviations	78
References	80
CHAPTER III : RESULTS	
PART ONE	
3.1 The effect of the type of limb-injury and amputation (leg or arm) on crisis experience	81-84
3.2 The effect of the disability-causing situation (accident and illness or war) on crisis experience	86-88
3.3 A The effect of the dominant world-hypotheses on crisis experience	90-93
3.3 B The effect of the differential patterns of the world hypotheses on crisis experience	95-97

	<u>Pages</u>
3.4 The effect of differential patterns of value-types on crisis experience	99-101
3.5 The effect of the differential patterns of the world hypotheses on crisis experience	103-105
3.6 The effect of differential patterns of world hypotheses on crisis experience	107-109
3.7 The effect of differential patterns of world hypotheses on crisis experience	111-113
3.8 The effect of differential patterns of value-types on crisis experience	115-117
 PART TWO	
3.9 The effect of the type of limb-injury and amputation (leg or arm) on the various areas of adjustment	118-124
3.10 The effect of the disability-causing situation on the problems of adjustment	125-131
3.11 The effect of the differential patterns of the world hypotheses on the problems of adjustment	132-166
3.12 The effect of differential value-types on areas of adjustment	167-179
 CHAPTER IV : INTERPRETATION AND DISCUSSION	
PART ONE	
4.1 The effect of the type of limb-injury and amputation (leg and arm) on crisis experience	180-182

		<u>Pages</u>
4.2	The effect of the disability-causing situation (accident or illness and war) on crisis experience	182-183
4.3	The effect of the differential patterns of world hypotheses on crisis experience	184-185
4.4	The effect of the different dominant value-types on crisis experience	186-187

PART TWO

4.5	The effect of the type of limb-injury and amputation on the problems of adjustment	188-191
4.6	The effect of the disability-causing situation (accident or illness and war) on the problems of adjustment	192-194
4.7	The effect of the differential patterns of the world-hypotheses on the problems of adjustment	195-197
4.8	The effect of the different dominant value-types on the problems of adjustment	197-201
4.9	The psychological world of the Disabled: An overview	202-214

PART THREE

THE REHABILITATION OF THE PHYSICALLY DISABLED PERSONS

4.10	The need for rehabilitation of the physically disabled people	214-215
------	---	---------

	<u>Pages</u>
4.11 The goal of rehabilitation	216-220
(a) Physical restoration	
(b) Psychological restoration	
4.12 Rehabilitation for work	220-221
4.13 Co-ordinating rehabilitation services	221-222
4.14 Goals, objectives and action plan for rehabilitation in the Indian context	222-229
References	230-231
CHAPTER V : SUMMARY AND SUGGESTIONS	232-240
BIBLIOGRAPHY	241-257
APPENDIX :	258-303
Appendix : A - The interview schedule	
Appendix : B - Behaviour Observation guide	
Appendix : C - Coding Manual	
Appendix : D - World-Hypotheses	
Appendix : E - Study of Values	
Appendix : F - Bell Adjustment Inventory (Adult Form)
