

## LIST OF ABBREVIATION

|                       |                                                                                     |
|-----------------------|-------------------------------------------------------------------------------------|
| ABADT -NADT           | Abnormal Auditory discrimination Test –<br>Normal Auditory discrimination Test      |
| ABAMT - NAMT          | Abnormal Auditory memory Test - Normal Auditory memory<br>Test                      |
| ABB1T - NB1T          | Abnormal Blending 1 Test- Normal Blending 1 Test                                    |
| ABB2T - NB2T          | Abnormal Blending 2 Test- Normal Blending 2 Test                                    |
| ABCLOT - NCLOT        | Abnormal Closure Test - Normal Closure Test                                         |
| ABCOLCA -<br>NCOLCA   | Abnormal Colour cancellation – Normal Colour cancellation                           |
| ABLAR - NLAR          | Abnormal Left and Right Test- Normal Left and Right Test                            |
| ABLBST - NLBST        | Abnormal Letter and Beginning sound Test- Normal Letter<br>and Beginning sound Test |
| ABLPMT - NLPMT        | Abnormal Letter and Phonemic Match Test- Normal Letter<br>and Phonemic Match Test   |
| ABLRT - NLRT          | Abnormal Left and Right Test - Normal Left and Right Test                           |
| ABPAT - NPAT          | Abnormal Phonemic awareness Test - Normal Phonemic<br>awareness Test                |
| ABPROT - NPROT        | Abnormal Proximity Test - Normal Proximity Test                                     |
| ABPST - NPST          | Abnormal Picture sequence Test - Normal Picture sequence<br>Test                    |
| ABRECLAN -<br>NRECLAN | Abnormal Receptive language Test - Normal Receptive<br>language Test                |
| ABRHYT - NRHTY        | Abnormal Rhyming Test- Normal Rhyming Test                                          |
| ABRNER - NRNER        | Abnormal Rapid Naming Error Test- Normal Rapid Naming<br>Error Test                 |
| ABRNT - NRNT          | Abnormal Rapid Naming Time Test - Normal Rapid Naming<br>Time Test                  |
| ABSAT - NSAT          | Abnormal Synthesis and Analysis Test - Normal Synthesis and<br>Analysis Test        |
| ABSIMT - NSIMT        | Abnormal Similarity Test - Normal Similarity Test                                   |
| ABSOT1T - NSOT1T      | Abnormal Spatial Orientation 1 Test - Normal Spatial<br>Orientation 1 Test          |
| ABSOT2T - NSOT2T      | Abnormal Spatial Orientation 2 Test - Normal Spatial<br>Orientation 2 Test          |
| ABSOT3T - NSOT3T      | Abnormal Spatial Orientation 3 Test - Normal Spatial<br>Orientation 3 Test          |
| ABSST - NSST          | Abnormal Story sequence Test - Normal Story sequence Test                           |
| ABTBT - NTBT          | Abnormal Top and BottomTest - Normal Top and Bottom Test                            |
| ABVDT1T - NVDT1T      | Abnormal Visual Discrimination 1Test - Normal Visual<br>Discrimination 1 Test       |
| ABVDT2T - NVDT2T      | Abnormal Visual Discrimination 2Test - Normal Visual<br>Discrimination 2 Test       |
| ABVET - NVET          | Abnormal Verbal expression Test - Normal Verbal expression<br>Test                  |
| ABVMST1T -<br>NVMST1T | Abnormal Visual Motor skills 1 Test - Normal Visual Motor<br>skills 1Test           |
| ABVMST2T -            | Abnormal Visual Motor skills 2 Test - Normal Visual Motor                           |

|              |                                                               |
|--------------|---------------------------------------------------------------|
| NVMST2T      | skills 2 Test                                                 |
| ABVMST3T -   | Abnormal Visual Motor skills 3 Test - Normal Visual Motor     |
| NVMST3T      | skills 3 Test                                                 |
| ABVMT - NVMT | Abnormal Visual Memory Test - Normal Visual Memory Test       |
| ACCEPTS      | A Curriculum For Children's Effective Peer And Teacher Skills |
| ADHD         | Attention Deficit Hyper Active Disorder                       |
| ADT          | Auditory Discrimination                                       |
| ADT - AUDDIS | Auditory discrimination – Auditory discrimination (Nimhans)   |
| AMT          | Auditory Memory                                               |
| AMT - AUDMEM | Auditory memory – Auditory memory (Nimhans)                   |
| ASSET        | A Social Skills Program For Adolescents                       |
| AUD DIS      | Auditory Discrimination Skills (Nimhans)                      |
| AUD MEM      | Auditory Memory Skills (Nimhans)                              |
| BIT          | Blending Test-1                                               |
| B2T          | Blending Test-2                                               |
| CA           | Chronological Age                                             |
| CLOT         | Test Of Closure                                               |
| CO           | Continuation Of Phonological Units                            |
| COLCANC -    | Colour cancellation – Attention(Nimhans)                      |
| ATTENT       | Attention And Concentration Test                              |
| COLCANCL     | Comprehensive Test Of Non Verbal Intelligence                 |
| C-TONI-2     | Comprehensive Test Of Phonological Processing                 |
| C-TOPP       | Difference                                                    |
| Diff         | Don't Know                                                    |
| DK           | Diagnostic And Statistical Manual-IV                          |
| DSM-IV       | Example                                                       |
| e.g          | Feeling of Knowing                                            |
| FOK          | Intelligency Quotient                                         |
| IQ           | Lindamood Auditory Conceptualization Test                     |
| LAC-3        | Langue Acquisition Divice                                     |
| LAD          | Left And Right Recognition                                    |
| LAR          | Letter And Beginning Test                                     |
| LBST         | Learning Difficulty                                           |
| LD           | Letter And Phonemic Match Test                                |
| LPMT         | Literacy Readiness                                            |
| LRT          | Mental Age                                                    |
| M.A.         | Mental Development Index                                      |
| MDI          | Malin's Intelligence Scale For Indian Children                |
| MISIC        | Months                                                        |
| mo           | NIMHANS Index Of Specific Learning Disability Test            |
| NIMHANS -SLD | Normal Learners                                               |
| NL           | Numbers Skills (Nimhans)                                      |
| NUMBERS      | Phonemic Awareness Test                                       |
| PAT          | Phonological Processing                                       |
| PP           |                                                               |

|                  |                                                                       |
|------------------|-----------------------------------------------------------------------|
| PPVT-3           | Peabody Picture Vocabulary Test-3                                     |
| PROT             | Test Of Proximity                                                     |
| PST              | Picture Sequence                                                      |
| RAN              | Rapid Automized Naming                                                |
| RAS              | Rapid Aultonating Stumulas                                            |
| RECESS           | Reprogramming Environmental Contingencies For Effective Social Skills |
| RECLANG          | Receptive Language                                                    |
| RHYT             | Rhyming Test                                                          |
| RNER             | Rapid Naming Time                                                     |
| RNT              | Rapid Naming Error Test                                               |
| SAT              | Syntahsis And Analysis                                                |
| SI               | Syllable Level Segment Identification                                 |
| SIMT             | Test Of Similarity                                                    |
| SLI              | Specific Learning Impairment                                          |
| SOT1T            | Spatial Orientation Test-1                                            |
| SOT2T            | Spatial Orientation Test-2                                            |
| SOT3T            | Spatial Orientation Test-3                                            |
| Spelt-II         | The Structured Photographic Expressive Language Test -II              |
| SST              | Story Sequence                                                        |
| SY               | Synthesis Of Phonological Units                                       |
| TBT              | Top And Bottom Recognition                                            |
| te atten         | Teachers Attention Rating                                             |
| te audbe         | Teachers Auditory Behavior Rating                                     |
| te auddis        | Teachers Auditory Discrimination Rating                               |
| te audmem        | Teachers Auditory Memory Rating                                       |
| te verexp        | Teachers Verbal Expression Rating                                     |
| te vms           | Teachers Visual Motor Skill Rating                                    |
| TOPAS            | Test Of Phonological Awareness                                        |
| TOT              | Tip Of Tongue                                                         |
| TQ               | Test Quotients                                                        |
| VDT1T            | Visual Discrimination Test 1                                          |
| VDT1T - VISDIS   | Visual discrimination test 1 total – Visual discrimination(Nimhans)   |
| VDT2T            | Visual Discrimination Test 2                                          |
| VDT2T - VISDIS   | Visual discrimination test 2 total – Visual discrimination(Nimhans)   |
| VER EXP          | Verbal Expression Skills (Nimhans)                                    |
| VET              | Expressive Language                                                   |
| VET - VEREXP     | Verbal Expression - Verbal Expression (Nimhans)                       |
| VIS MEM          | Visual Memory Skills (Nimhans)                                        |
| VIS MOT SKI      | Visual Motor Skills (Nimhans)                                         |
| VMST1T           | Visual Motor Skills-1                                                 |
| VMST1T - VISMOSK | Visual motor skills test 1 total – Visual motor skills (Nimhans)      |
| VMST1T - WRISK   | Visual motor skills test 1 total – Writting skills (Nimhans)          |
| VMST2T           | Visual Motor Skills-2                                                 |

|                  |                                                                  |
|------------------|------------------------------------------------------------------|
| VMST2T - VISMOSK | Visual motor skills test 2 total – Visual motor skills (Nimhans) |
| VMST2T - WRISK   | Visual motor skills test 2 total – Writting skills (Nimhans)     |
| VMST3T           | Visual Motor Skills-3                                            |
| VMST3T - NUMBER  | Visual motor skills test 3 total – Numbers (Nimhans)             |
| VMT              | Visual Memory                                                    |
| VMT - VISEMEM    | Visual memory test – Visual memory (Nimhans)                     |
| WI               | Word Level Segment Identification                                |
| WISC             | Wechsler Intelligence Scale For Children                         |
| WRIT SKILS       | Writing Skills (Nimhans)                                         |
