

ACKNOWLEDGEMENT

Let me begin humbly by thanking God almighty for gifting me the phase of life spent in Space Applications Centre-ISRO Ahmedabad and The Maharaja Sayajirao University of Baroda, Vadodara Gujarat. Thank you lord for all that has been gained as knowledge and experience from these two esteemed organizations. I express my gratitude to The Maharaja Sayajirao University of Baroda, Vadodara for allowing me to take up Doctorate research.

I am greatly indebted to my Ph.D. supervisor, Prof. Bindu Bhatt, the one person whose scientific thoughts and determination was the backbone of the research work. Her in-depth knowledge in the field of Geography, expertise on GIS and Natural Resource Management skills have complimented the work done in this thesis. Thanks to my advisor and mentor for all the support, guidance and inspiration. Her constant encouragement and keen interest is the key to the successful completion of this work. I could not have imagined having a better advisor for my Ph.D. study.

I express my sincere gratitude to Shri. Shashikant Sharma, Group Director, VEDAS Group, SAC, for his constant support and encouragement. The constant guidance provided and sincere efforts he has taken to make me understand the basics of the topic and he is acknowledged with utmost gratitude. Thank you, sir for your patience and perseverance.

Thanks are due to Dr. Markand Oza, Head-Content Generation and Dissemination Division, SAC for providing all the necessary facilities required for the research work. His expert opinion and technical guidance have proved to be precious and valuable. The valuable feedback and guidance received from Dr. Markand Oza, helped me to formulate this research thesis. Dr. Praful Udani is also extended gratitude for his critical analysis of the research components, during the conceptualization of the research proposal. Ms. Pushpalata B. Shah,

(Ex-Head DWD, SAC-ISRO) is extended a word of gratitude for her support in research initiation.

I cannot forget the support and encouragement received from Dr. Janak P. Joshi throughout the research work as a good human being first, he deserves my utmost respect, personally and professionally.

Acknowledgement is due to Ms. Shweta Mishra, especially for the creative and joyful working environment with discussions in the lab.

I would like to express my sincere gratitude towards Dr. Brijendra Pateriya, Director PRSC for giving the opportunity to work under Punjab Remote Sensing Centre (PRSC), Ludhiana and encouragement to finalize research work. Sh. P. K. Litoria Head- Geoinformatics and Information Technology is sincerely acknowledged for providing all the IT infrastructure and support in PRSC. I am also extremely thankful to Sh. Sashikanta Sahoo and Dr. Mohit Arora for the technical support and discussion. I am also thankful to my co-researchers Ms. Samandeep Kaur and Ms. Baljit Kaur for the precious support during the Portal development.

My Uncle, Shri Motilal Patel and family members are lovingly remembered in this context. Their love and encouragement were my strengths in the crucial times of the research.

I am grateful for the time spent with my friends Swapnil, Durgesh, Anil Mishra, Satya Prakash, Kamaljit, Buddhi, Bushair, Abhinav, Sanjeev, Jagat, Varunika, Prashant, Sriram Sharan, Roshan, Mini, Inderpreet, Asheesh, Manik, Mohit, Rahul, Ujjwal, Nikhil, Bimal, Prateek, Mihir, Bhavesh and Ankur with whom; I enjoyed memorable parties and trips.

I would also like to thank the MOSDAC team at SAC Bopal campus for providing the data for my study. I would like to Thanks MODIS data distribution team, NOAA/CPC rainfall data distribution site, CHIRPS data distribution portal and AMSRE-2 Soil Moisture Data Dissemination System.

My heartfelt thanks to all my friends, seniors, teachers and staff form three esteemed organizations (Space Applications Centre SAC-ISRO, The Maharaja Sayajirao University of Baroda, and Punjab Remote Sensing Centre) where I gained knowledge and groomed myself which helped me to complete the research work successfully.

Last but not least, I would like to express my very special and sincere thanks to my Parents, brothers, Wife (Vashudha) and my daughter (Aarushi) without their blessing, involvement, encouragement and unconditional support; it would not have been possible for carrying out this study.

Lastly the help provided by all my friends are commendable.
